When closing their operative business back in June 2024, [Windy City Woodwinds](#) have released their designs to the public and asked for broad distribution, which I am happy to do here on Printables.

This is the “Series 56”. I have integrated all sizes with different tip openings in this model. For the Alto Version, [read a review here](#) and watch the [YouTube Review by Wally Wallace](#).

### Original Description

The 56 series embodies a seamless blend of vintage charm and modern innovation, drawing inspiration from the golden era of the 1950s jazz scene. This period marked a significant evolution in jazz, with the west coast “cool school” movement leading the way in refining musical aesthetics and instrumental tones.

For the other versions, see ["Series 64"](#) and ["Series 72"](#).

Print in PLA standing upright with 100% infill. Use brim as appropriate. Sand the table carefully with 400-800+ sand paper to ensure the reed seals properly.
