When closing their operative business back in June 2024, [Windy City Woodwinds](#) have released their designs to the public and asked for broad distribution, which I am happy to do here on Printables.

This is the “Series 72”. I have integrated all sizes with different tip openings in this model.

Original Description

The “72” Series packs a potent punch that pushes the tonal envelope. Get ready for a sonic explosion: radiant highs, powerful mids, and substantial low tones that are as soulful as they are intense. Crafted with precision, the “72” ensures extraordinary articulation, consistent intonation, and a dazzling bright timbre that rings with clarity and vibrancy.

For the other versions, see ["Series 56"](#) and ["Series 64"](#).

Print in PLA standing upright with 100% infill. Use brim as appropriate. Sand the table carefully with 400-800+ sand paper to ensure the reed seals properly.
